

## Appointments for Travel Advice and Immunisations

We are able to offer basic holiday advice and NHS vaccinations however we are **NOT** a specialist travel centre. If travel plans are complex and require **SPECIALIST** advice and other vaccinations we will recommend attending a specialist travel clinic.

If you are travelling in less than **SIX WEEKS** from the time of contacting the surgery we **WILL NOT** be able to see you for your travel needs and you will be directed to specialist travel clinics.

Please fill in the Pre Travel Risk Assessment form below. Once completed, return to the surgery and arrange an appointment approximately two weeks later.
